Caston

## **MEAL DISTRIBUTION FOR CASTON STUDENTS**

Dear Caston Family:

We're happy to inform you that Caston's Food Service Department will be providing free sack breakfasts & lunches for all students starting Monday, March 30, 2020.

There are three options that we are giving our community at this time (*subject to change as we have opportunities to evaluate the program*).

**Option 1:** Email Alysha Marrs by 9:00 a.m. to inform her you will be driving through to pick up bagged meals at the back drive by the football field at door #9 (right by the loading dock) between 11:00 AM & 1:00 PM daily (M-F). Your email needs to include the number of children in your household needing meals. You can then conveniently pull up to that area and the bags of meals will be delivered to your automobile -- no need to get out of the car!

**Option 2:** If you have no means of picking up meals during the pick-up time stated above, please contact Alysha Marrs to setup a time for delivery. We will get back to you and do our best to deliver meals to convenient locations for families.

**Option 3:** If you need more than one day's meal plan, please also contact Alysha Marrs and we discuss options.

We love our young Comets and want to help during these trying times. If there is anything further we can assist you with to make these coming weeks easier, please let us know. Thanks!
