Fulton County Multi-Hazard Mitigation Plan Update
Project Team Meeting

Fulton County Commissioner's Room
125 East 9th Street
Rochester IN, 46975

March 27, 2019

9:00 am

AGENDA

1. Welcome and Introductions
2. Approach for the MHMP Update/Meeting Purpose
3. Hazard Risk Assessment:
 - a) Review Hazard Data
 - b) Discuss Vulnerability to Hazards
 - c) Determine Probability & Severity
4. Next Steps
5. Adjournment

CALCULATED PRIORITY RISK INDEX

The CPRI evaluates each hazard based on its probability of occurrence, severity, prior warning time, and duration. Thus, the CPRI provides a means to assess a hazard relative to others for a community. To determine the CPRI, a value of 1 through 4 is assigned to the categories for probability, magnitude/severity, warning time, and duration of event.

CPRI = Probability X 0.45 + Magnitude/Severity X 0.30 + Warning Time X 0.15 + Duration of Event X 0.10.

PROBABILITY

1. Unlikely – event is possible within the next 10 years; up to 1 in 10 years chance of occurring (10%); historic events is less than or equal to 10% likely per year
2. Possible – event is possible within the next 5 years; up to 1 in 5 years chance of occurring (20%); historic events is greater than 10% but less than or equal to 20% likely per year
3. Likely – event if probable within the next 3 years; up to 1 in 3 years chance of occurring (33%); historic events greater than 20% but less than or equal to 33% likely per year
4. Highly Likely – event is probable within the calendar year; up to 1 in 1 year chance of occurring (100%); historic events greater than 33% likely per year

MAGNITUDE/SEVERITY

1. Negligible – few injuries; shutdown of critical facilities and services for 24 hours or less; less than 10% of property is severely damaged; average response duration of less than 6 hours
2. Limited – few injuries; complete shutdown of critical facilities and services for more than 1 week; more than 10% of property is severely damaged; average response duration of less than 1 day
3. Significant – multiple injuries; complete shutdown of critical facilities and services for at least 2 weeks; more than 25% of property is severely damaged; average response duration of less than 1 week
4. Critical – multiple deaths; complete shutdown of critical facilities and services for 30+ days; more than 50% of property is severely damaged; average response duration time of less than 1 month

WARNING TIME

1. >24 hrs
2. 12-24 hrs
3. 6-12 hrs
4. < 6 hrs

DURATION OF EVENT

1. < 6 hrs
2. < 1 day
3. < 1 wk
4. > 1 wk

Assumptions for Estimating Potential Losses

90% mean assessed value for structures (Fulton County GIS) x # structures x replacement

25% of structures=100% damage

35% of structures=50% damage

40% of structures=25% damage

Fulton County Multi-Hazard Mitigation Plan Update
Project Team Meeting

Fulton County Commissioner's Room
125 East 9th Street
Rochester IN, 46975

March 27, 2019

9:00 am

SUMMARY

Project Team Members Present:

NAME	OFFICE	REPRESENTING
Shoda Bechler	Rochester Clerk-Treasurer	City of Rochester
Michael Boucher	Rochester Metal Products	
Tom Butler	Rochester Fire Department	City of Rochester
Casi Cowles	Fulton County Planning and Building Department	Fulton County
Skeeter Daugherty	Fulton County Schools	
Ted Denton	Rochester Mayor	City of Rochester
Justin Gearhart	Akron Town Council	Town of Akron
Aaron Gearhart	Akron Fire Department	Town of Akron
Bill	Resident	Town of Rochester
Richel Fox	Fulton County EMA	Fulton County
Deb Gardner	Fulton County Health Department	Fulton County
John Geier	Fulton County Highway	Fulton County
Caleb Ingram	Hickory Creek	
Larry Hoover	Fulton County EMA	Fulton County
Gail Karas	Fulton County 911/LEPC	Fulton County
Beth Keller	American Red Cross	
Fred McGlothin Jr	Fulton County REMC	
Steve Metzger	County Commissioner	Fulton County
Randy Miller	Fulton County Animal Control	Fulton County
P Olinger	Fulton County Council	Fulton County
Bernard Rudd	INDOT	
Joe Sears	Woodburn Hospital	
Shannon Shepherd	Fulton County Health Department	Fulton County
Kevin Schultz	ERS Wireless	
Shawna Sopher	Hickory Creek	
Jana Vance	Rochester Schools	
Pat Varger	Fulton County EMS	Fulton County
Dave Way	INDOT	
Brad Weaver	Indiana State Police	
Adam Wilson	AirVac	

Others Present:

Heather Buck, CBBEL

1. Welcome and Introductions

To begin, Director Hoover thanked everyone for attending the meeting and asked those present to introduce themselves.

2. Approach for the MHMP Update/Meeting Purpose

Heather explained to the group that the MHMP Update is a requirement to be completed every five years. The overall approach, utilizing a larger Planning Committee similar to the previous approach was described. The meetings will follow steps to reach the end result of an updated MHMP for all incorporated communities within Fulton County.

3. Hazard Risk Assessment:

a) Review Hazard Data

During the session, the Committee reviewed the hazards to be studied as determined by Fulton County EMA and agreed that these are the hazards which most affect the county. Heather shared data that CBBEL had gathered from the Nation Climatic Data Center (NCDC), local media outlets, and various agencies and offices since the 2011 MHMP was completed.

b) Discuss Vulnerability to Hazards

The Committee was engaged during the discussions regarding the hazards, specific events, and damages experienced. This information will be utilized to guide additional data collection for the MHMP Update, as well as enhance the discussion with the Planning Committee.

c) Determine Probability & Severity

The Committee, considering the data collected, their knowledge, and the prior discussions, determined the probability and severity of the hazards considered during this planning effort. This information will be utilized to determine the Calculated Priority Risk Index (CPRI) and will be reviewed by the Planning Committee.

4. Critical Infrastructure

Heather explained that the listing of Critical Infrastructure was partly provided by the Fulton County GIS Department, and partly obtained from state-wide databases as needed. The information was then categorized into categories, mapped, and utilized to perform additional data analyses to prepare “what-if” scenarios.

5. Next Steps

The process was further explained to the Committee to include the next session, a public review period, and submission of the draft report for all Committee members, the public, and FEMA’s review and comment. It was also explained that it will be very important that all Committee members provide their information in a timely manner so that the draft MHMP Update can be prepared.

6. Adjournment

The first Committee session adjourned. An afternoon session will be held to review the listing of the potential mitigation measures and provide a ranking of High, Moderate, or Low.

Fulton County Multi-Hazard Mitigation Plan Update
Project Team Meeting

Fulton County Commissioner's Room
125 East 9th Street
Rochester IN, 46975

March 27, 2019

1:00 pm

1. Welcome and Introductions
2. Review of the approach for the MHMP Update
3. Review the Hazard Risk Assessment/CPRI
4. Review and Prioritize Proposed Mitigation Measures
5. Next Steps
6. Adjournment

Pat Varger	Fulton County EMS	Fulton County
Dave Way	INDOT	
Brad Weaver	Indiana State Police	
Adam Wilson	AirVac	

Others Present:

Heather Buck, CBBEL

1. Welcome and Introductions

Heather once again thanked everyone for attending. Introductions were made by those who were not in attendance for the morning session.

2. Review of the Approach for the MHMP Update

A brief review was provided for those committee members not present at the first session.

3. Review the Hazard Risk Assessment/CPRI

The results of the completed CPRI were shared with those present. Utilizing the discussion from the previous Committee session, the “draft” CPRI was presented. Adjustments were made based on additional discussion with the Committee once they were able to see the final prioritizations.

4. Review and Prioritize Proposed Mitigation Practices

Utilizing the mitigation practices described in the 2011 MHMP and information gathered through the planning process, a list of proposed mitigation practices was presented to the Committee for review and comment. Several members provided insight and input to wording and options for each proposed mitigation measure which was then ranked as High, Medium, or Low in implementation priority. It was explained that those practices ranked as High would have additional steps outlined within the MHMP Update to assist with the implementation process.

5. Next Steps & Future Meetings

It was explained that the next step in the process is to prepare the draft MHMP Update for review first by the EMA staff and then by the Planning Committee members. Comments accepted by the EMA will be incorporated into the plan. Once this has been completed, a public review period will be set and the draft will be submitted to FEMA and IDHS for review and comment.

6. Adjournment

The Committee adjourned
